Appointment: Sharon McCarthy joins KEMAT

Brussels, Belgium – 1 June 2018. The team at KEMAT welcomes Sharon McCarthy, who joins the company in the role of Administration and Logistics.

KEMAT's international B2B team is diverse and covers a broad range of expertise, from physics to chemistry, engineering to pharmaceutical science, management and logistics, all at a specialist level.

Sharon commented "KEMAT is rapidly growing and I am thrilled to join such a dynamic, forward thinking team and am excited by this new challenge. Having worked in the chemical industry in logistics for the last seventeen years, I can transfer the valuable knowledge and experience I have gained."

Simon Mason, the new Managing Director since 2016 has used his strong background in corporate management and commercial optimisation to grow KEMAT and take it to the next level: 2.0.

Simon said "During recent years, our experienced team has been extended with highly qualified people from commercial and technical backgrounds. We needed to strengthen our team with someone who has specialist skills in logistics. Sharon's knowledge of the chemical industry, make her the ideal candidate for this role. I am delighted that Sharon has joined us and I look forward to working with her."
