11 September 2023

## Appointment: Silvia Soldati

**Brussels, Belgium – 11 September 2023.** The team at KEMAT welcomes back Silvia Soldati. She re-joins the company in the new role of Business Development. Kemat is a full-service provider offering distribution and logistics solutions. Kemat offers repacking as well as tailor-made packing, flexible supply options, delivering polybutenes and related products in varying quantities throughout Europe, Middle East, and Africa; as well as comprehensive solutions for all ISO tank needs and economical logistics.

Silvia: "I worked for Kemat from 2015 until 2020 in the role of Logistics Manager and Customer Support. These five years provided me with important insights of the logistics processes, as well as the various products and services which the company offered.

For two years I worked as Customer Care Team Lead for the EMEA region in Miraclon Belgium, in the industrial printing field.

Twelve years ago I moved from Northern Italy to Belgium. This move gave me the opportunity to work in a diverse and multicultural environment, which I find extremely enriching.

In my free time I love skiing, hiking, reading and most of all travelling.

I am impressed by Kemat's expansion with regards to products and services, as well as new team members. I am very excited to be a member of the Kemat family again, and to be even closer to our customers with my new role.

Simon Mason, Managing Director: "I am pleased to welcome Silvia back into the Kemat family. We all look forward to working with her again. Her role of Business Development is a key part of our expansion plans."
